Description

We are delighted to offer this striking eDeliver 5 L1 H1 64kWh, finished in sleek and sophisticated Obsidian Black. Compact, capable, and fully electric, this van is the perfect solution for businesses seeking a modern, eco-conscious vehicle that doesn't compromise on practicality or performance. Powered by a 64kWh battery, the eDeliver 5 delivers smooth, quiet, and efficient electric driving—ideal for city deliveries, short to medium routes, and urban environments. With zero emissions, low running costs, and exemption from ULEZ and congestion charges, it's as cost-effective as it is environmentally friendly. The L1 H1 layout offers an excellent balance of compact exterior dimensions and a generous, usable load space—making it easy to manoeuvre through tight city streets while still providing room for tools, parcels, or equipment. Rear and side doors offer convenient access for efficient loading and unloading. Inside, the cabin is designed with comfort and convenience in mind, featuring modern infotainment, Bluetooth connectivity, air conditioning, and rear parking sensors. It's a driver-focused space that supports productivity throughout the workday. Stylish and future-ready, this eDeliver 5 in Obsidian Black is a smart investment for any business looking to enhance its fleet with an efficient and capable electric van. Price inclusive of government OZEV grant at £5,000. OZEV grant subject to Government approval and can be changed or withdrawn, without notice, at any time.
