Description

We are delighted to offer this fantastic eDeliver 5 L1 H2 64kWh, presented in a clean and professional White finish. Designed for modern businesses, this fully electric van combines zero-emissions performance with outstanding practicality and smart design—making it a perfect choice for urban deliveries and commercial use. Powered by a 64kWh battery, the eDeliver 5 provides smooth, quiet, and efficient electric driving, with a usable range that makes it ideal for daily routes and city work. With zero tailpipe emissions, reduced running costs, and exemption from ULEZ and congestion charges, it's an eco-friendly and cost-effective alternative to traditional diesel vans. The L1 H2 configuration offers a compact wheelbase for easy manoeuvrability, paired with an increased roof height that enhances vertical load space—perfect for transporting taller cargo or maximising internal storage. Wide rear and side doors ensure effortless access to the load area. Inside, the cabin is

thoughtfully equipped with modern infotainment, Bluetooth connectivity, air conditioning, and rear parking sensors, offering a comfortable and user-friendly driving environment that supports productivity throughout the day. Stylish, efficient, and future-ready, this eDeliver 5 in White is a smart, sustainable addition to any business fleet. Price inclusive of government OZEV grant at £5,000. OZEV grant subject to Government approval and can be changed or withdrawn, without notice, at any time.
