Description

We are delighted to offer this impressive eDeliver 5 L1 H1 64kWh, finished in clean and modern Blanc White. Compact, fully electric, and packed with practical features, the eDeliver 5 is designed for businesses that want efficient, eco-friendly transport without compromising on capability. Equipped with a 64kWh battery, this electric van offers a smooth, quiet drive and a highly usable range—perfect for urban deliveries and short to medium-distance routes. With zero tailpipe emissions, low running costs, and exemption from ULEZ and congestion charges, it's ideal for environmentally conscious operations. The L1 H1 configuration offers a practical and manageable size for city use while still providing generous cargo space for tools, parcels, or equipment. With easy access via wide-opening rear and side doors, the load area is built for convenience and flexibility. Inside, the cabin is smart and comfortable, featuring modern infotainment, Bluetooth connectivity, air conditioning, and rear parking sensors—ensuring your working day runs as smoothly as your drive. Stylish, efficient, and ready to get the job done, this eDeliver 5 in Blanc White is a fantastic electric solution for businesses ready to take the next step toward sustainable transport. Price inclusive of government OZEV grant at £5,000. OZEV grant subject to Government approval and can be changed or withdrawn, without notice, at any time.
