| Interior Trim | Fuel       | Consumption |          |        |             |
| Black         |            | N/A         |          |        |             |

### Description

We are delighted to offer this exceptional eDeliver 7 L1 H1 88.55kWh, presented in sleek and modern Blanc White. This fully electric van represents the future of commercial transport, delivering zero-emissions performance, generous range, and practical design—perfect for forward-thinking businesses. Powered by a larger 88.55kWh battery, this eDeliver 7 offers extended electric range and impressive performance, making it ideal for both urban deliveries and longer routes. Benefit from low running costs, minimal maintenance, and exemption from ULEZ and congestion charges—making it as economical as it is eco-friendly. The L1 H1 configuration offers a well-balanced footprint with a practical load space and compact dimensions for easy manoeuvrability. Whether you're navigating tight city streets or loading up on the job site, this van is designed to keep up with your day-to-day demands. Inside, the cabin is smart and functional, featuring modern infotainment, Bluetooth connectivity, rear parking sensors, and air conditioning, all designed to enhance driver comfort and convenience. Stylish, capable, and cost-efficient, this eDeliver 7 in Blanc White is the perfect electric van for businesses looking to make a smart, sustainable switch without compromising on performance or practicality. Price inclusive of government OZEV grant at £5,000. OZEV grant subject to Government approval and can be changed or withdrawn, without notice, at any time.
