Description

This brand new MAXUS Deliver 9 Dropside is a highly capable commercial vehicle, purpose-built to handle demanding workloads with ease. Powered by a strong and efficient 2.0L diesel engine, paired with a manual transmission and rear-wheel drive (RWD), it delivers the reliability required for everyday business use. Whether operating on-site or on the road, this model is designed to work hard and perform consistently, with the added benefit of a towbar. Finished in Blanc White and supplied with just 10 delivery miles, this vehicle is ready to be put straight into service. The practical Dropside body offers impressive load-carrying capability, allowing quick and easy loading and unloading from all sides. This makes it an ideal choice for a wide range of trade where efficiency is essential. Inside the cab, the Deliver 9 provides a comfortable and driver-focused environment. Air Con helps maintain a pleasant cabin temperature in all conditions, while Bluetooth

connectivity allows for hands-free calls and media streaming, keeping drivers connected while staying focused on the road. This MAXUS Deliver 9 Dropside represents a dependable and cost-effective solution for businesses that need a vehicle they can rely on day after day.
