Description

Discover the next generation of electric pickups with this brand new MAXUS eTERRON 9 Luxury, finished in striking Metal Black. With just 10 miles on the clock, this vehicle is effectively factory-fresh and ready to go. Powered by a 102.2kWh all-electric drivetrain and intelligent 4WD, the eTERRON 9 delivers impressive performance, smooth automatic driving, and zero-emissions capability — perfect for both work and lifestyle use. The Luxury specification offers a refined interior packed with modern technology, comfort features, and advanced safety systems, making it as enjoyable on long journeys as it is practical on site. Fitted with a glazed canopy, this pickup provides a secure and weather-protected load area while allowing excellent visibility, making it ideal for transporting tools, equipment, or leisure gear safely and efficiently. As a pickup, it combines strong capability and generous load space with the benefits of electric motoring, including low running costs and

quiet, effortless driving. Ideal for businesses or private buyers looking to future-proof their transport without compromising on strength, practicality, or style.
