Description

This brand new MAXUS Deliver 9 has covered just 10 miles and is finished in White, offering an excellent opportunity to secure a delivery-mileage large panel van ready for immediate use. Powered by the reliable 2.0-litre D20 diesel engine with a manual gearbox and rear-wheel drive, the Deliver 9 provides a strong combination of performance, durability, and practicality. The L3 long wheelbase and H2 high roof configuration offer generous load space, making it ideal for a wide range of commercial applications, from trade and construction to delivery and fleet operations. Fully Euro 6 compliant and ULEZ friendly, this van is well suited to both urban and longer-distance work. The Deliver 9 combines a spacious working environment with excellent load-carrying capability and the practicality expected from a modern commercial vehicle. Presented in excellent condition throughout with just 10 miles, this brand new example is ready to go straight to work without the wait for a factory order.
