Description

We are excited to offer this MAXUS eDeliver 9 High Roof Van, finished in the stylish and professional Blanc White. This fully electric van is designed to deliver exceptional performance, efficiency, and practicality, making it the perfect choice for businesses looking to go greener without compromising on capability. Powered by an 88.5kWh battery, the eDeliver 9 offers an impressive range and zero-emission driving, helping you reduce running costs while staying environmentally friendly. The high roof design provides generous cargo space, making it ideal for businesses that need room for deliveries, tools, or equipment. Inside, you'll find a comfortable, well-equipped cabin with modern technology and smart connectivity features, ensuring a smooth and enjoyable driving experience. Plus, with automatic transmission, navigating city streets or motorways is effortless. Don't miss out on this game-changing electric van. Contact MAXUS Northside today to learn more or book a test drive.
