Description

Boasting an exceptionally low mileage of just 10 miles, this 2025 MAXUS Deliver 9 presents itself as a virtually new vehicle. As a single owner vehicle, it comes with the reassurance of a comprehensive 60 month warranty. This L3 H2 Euro 6 compliant panel van is equipped with a capable 2.0 litre diesel engine, delivering a healthy 148 bhp. For your convenience and comfort, it features a radio with MP3, AUX, USB, and Bluetooth connectivity, rear parking sensors to aid manoeuvring, and air con to maintain a pleasant cabin temperature. The MAXUS Deliver 9 stands out with its robust 2800 kg towing weight, offering superior capability compared to many other vans in its class. Its Euro 6 emission standard ensures it meets current environmental regulations, making it a responsible choice. The powerful 148 bhp engine provides ample performance for a variety of tasks, while the very low mileage signifies minimal wear and tear, promising reliability and longevity. This combination of features and its near new condition makes this Deliver 9 an exceptional proposition.
