Description

Boasting an exceptionally low mileage of just 100 miles, this 2025 MAXUS eDeliver 9 is practically new, having had only one owner since its registration. This L3 2dr derivative, featuring an automatic front wheel drive transmission and a 65kWh battery, offers an impressive electric range of up to 155 miles. Charging is convenient, with a full charge at home taking approximately 11 hours and 34 minutes using a 7kW charger, while rapid public charging can achieve 80% capacity in just 48 minutes. The eDeliver 9 comes equipped with a suite of modern features designed to enhance your driving experience. These include bright LED headlights for improved visibility, seamless integration with Apple CarPlay and Android Auto for your smartphone, and a helpful reverse camera with guide assist. Parking is made easier with front and rear parking sensors, and the cabin remains comfortable thanks to the air conditioning system. With a powerful 201 bhp engine, this electric van

provides a responsive and efficient drive, setting it apart from other vehicles in its class.

Northside Truck & Van Ltd
