### Description

This 2025 MAXUS Deliver 7 presents as virtually new. This D20 derivative features a 2.0 litre Euro 6 diesel engine, delivering a capable 148 bhp through its front wheel drive system. The exterior is enhanced by LED headlights and taillights, while inside, you'll find automatic front air conditioning for comfort and heated seats for both the driver and dual passenger, ensuring a pleasant journey in any weather. Parking is made simpler with a 360 degree camera system and rear radar, offering comprehensive assistance. The MAXUS Deliver 7 is designed to offer a superior experience compared to other vehicles in its class. Its Euro 6 compliant engine ensures efficient performance, and the inclusion of advanced parking assistance systems, such as the 360 camera and rear radar, significantly aids manoeuvrability and safety. The comfort features, including automatic air conditioning and heated seats, further elevate the driving experience, making this a practical and well equipped choice for your needs.
