Description

This 2025 MAXUS eTERRON 9 Premium Auto 4WD is a remarkable example, having had only one owner since new. This electric vehicle boasts a substantial 102 kWh battery, offering a maximum range of 267 miles, making it ideal for both daily commutes and longer journeys. Its Premium trim level ensures a sophisticated driving experience, complemented by the security of rear parking sensors and the convenience of LED headlights. Inside, you'll find the comfort of front electric heated seats and the expansive feel of a fixed panoramic sunroof, all accessible through the Passive Entry Passive Start system. The eTERRON 9 stands out with its impressive 436 bhp engine power, providing a dynamic performance that surpasses many other vehicles in its class. Furthermore, its robust towing weight of 3500 kg offers exceptional versatility for

those needing to transport trailers or caravans. This Four Wheel Drive electric SUV combines cutting edge technology with practical capability, making it a compelling choice for discerning drivers.
