Description

This 2025 MAXUS Deliver 9 is a 2.0 D20 FWD L3 H2 Euro 6 (s/s) 5dr model, ready for your business needs. Powered by an efficient 2.0 litre diesel engine, it meets Euro 6 emission standards. This versatile van boasts a substantial towing weight of 2800 kg, making it capable of handling significant loads. Inside, you'll find practical features designed for comfort and convenience, including rear parking sensors with parking assistance, and a comprehensive radio system with MP3, AUX, USB, and Bluetooth connectivity. The cabin is kept at a comfortable temperature thanks to the fitted air conditioning. The MAXUS Deliver 9 stands out with its robust towing capacity, offering an advantage over many vehicles in its class. The inclusion of rear parking sensors and assistance simplifies manoeuvring in tight spaces, a valuable asset for any driver. Furthermore, the integrated radio system with Bluetooth ensures you can stay connected and entertained on the go, while the air conditioning provides a pleasant environment

throughout your journey. This combination of practical features and strong performance makes the Deliver 9 a compelling choice for demanding work.
