### Description

This 2026 MAXUS eDeliver 5 is presented with an exceptionally low mileage of just 2 miles, having had only one owner from new. This electric van, the 64kWh Auto L1 6dr derivative, boasts a substantial 64 kWh battery capacity, offering a maximum range of 208 miles. It comes equipped with a suite of modern features including Adaptive Cruise Control, a 12.3 inch touch screen with MP5, USB, Bluetooth, Wireless CarPlay and Android Auto, and DAB radio. For comfort, it includes heated front seats, and for convenience, rear parking sensors and a detachable front tow hook are fitted. The MAXUS eDeliver 5 stands out with its impressive 161 bhp electric engine, providing ample power for your needs. Its 208 mile maximum range indicates a strong performance compared to other electric vehicles in its class. Furthermore, the ability to charge from empty to 80% in just 48 minutes on a public charger means less downtime and more productivity. This combination of low mileage, single ownership, and advanced features makes this eDeliver 5 a compelling choice.
