Description

This 2026 MAXUS eDeliver 5 is a remarkable find, boasting an incredibly low mileage of just 2 miles, making it practically new. This electric van, in the 64kWh Auto L1 H2 6dr derivative, offers a substantial battery capacity of 64 kWh, providing a maximum range of 190 miles on a full charge. It benefits from a single owner and features Adaptive Cruise Control, heated front seats, a detachable front tow hook, air conditioning, and rear parking sensors for added convenience and capability. The eDeliver 5 stands out with its impressive 161 bhp electric engine, ensuring a responsive driving experience. Its rapid charging capability is a significant advantage, capable of reaching 80% charge from empty in just 48 minutes, minimising downtime. These attributes collectively position the MAXUS eDeliver 5 as a highly efficient and well equipped choice for those seeking a modern electric van.
