Description

This 2026 MAXUS eDeliver 5 presents an exceptional opportunity with an incredibly low mileage of just 2 miles, having had only one owner from new. This electric van, in its 64kWh Auto L1 H2 6dr derivative, boasts a substantial 64 kWh battery offering a maximum range of 190 miles when new. Charging is efficient, reaching 80% capacity in as little as 48 minutes on public chargers. Inside, you'll find a 12.3 inch touch screen complete with MP5, USB, Bluetooth, Wireless CarPlay, and Android Auto, alongside DAB radio. For ease of manoeuvring, a 360 Around View System with parking assistance and rear parking sensors are included, complemented by LED headlights for enhanced visibility. The MAXUS eDeliver 5 stands out with its powerful 161 bhp electric engine, providing a responsive driving experience. The inclusion of heated front seats ensures comfort in all conditions, while the advanced 360 Around View System and rear parking sensors significantly aid parking and low speed manoeuvres, setting it apart from many other vehicles in its class. This combination of cutting edge technology, impressive electric performance, and near new condition makes this eDeliver 5 a truly compelling choice.
