Description

Boasting an incredibly low mileage of just 2 miles, this 2026 MAXUS eDeliver 5 64kWh Auto L1 H2 6dr represents a unique opportunity to acquire a virtually new electric van. As a single owner vehicle, it comes with the assurance of careful stewardship. This electric van is equipped with a substantial 64 kWh battery, offering a maximum range of 190 miles when new. For convenience, it can achieve an 80% charge in as little as 48 minutes at a public charging point. Notable features include a detachable front tow hook with an integrated towbar, rear parking sensors for easier manoeuvring, and a 360 around view system for complete visibility. The van also benefits from LED headlights for improved illumination and air conditioning to ensure a comfortable cabin environment. The MAXUS eDeliver 5 is powered by an electric motor delivering an impressive 161 bhp, providing ample performance for your daily needs. The rapid charging capability and extensive range highlight its suitability for businesses requiring efficient and reliable

transport. The inclusion of advanced parking assistance systems, such as the 360 around view and rear sensors, alongside the bright LED headlights, demonstrates a commitment to driver convenience and safety, setting it apart from other vehicles in its class.
