Description

Boasting an incredibly low mileage of just 2 miles, this 2026 MAXUS eDeliver 5 64kWh Auto L1 H2 6dr represents a unique opportunity to own a virtually new electric van. With only one owner since new, this vehicle combines the benefits of electric power with advanced technology and practicality. Its 64 kWh battery offers a maximum range of 190 miles, and can be rapidly charged from empty to 80% in just 48 minutes at a public charging point. The eDeliver 5 is equipped with a suite of features designed to enhance your driving and parking experience. These include rear parking sensors with parking assistance, and an impressive 360 around view system for complete visibility. For comfort and convenience, it boasts air conditioning and a large 12.3in touch screen that supports MP5, USB, Bluetooth, wireless CarPlay, Android Auto, and DAB radio. Adaptive cruise control is also included, making longer journeys more relaxed. Under the bonnet, the electric motor delivers a strong 161 bhp, providing ample power for all your needs.
