Description

Boasting an incredibly low mileage of just 2 miles, this 2026 MAXUS eDeliver 5 64kWh Auto L1 H2 6dr represents a virtually new electric van with only one owner. This electric vehicle is equipped with a 64 kWh battery, offering a maximum range of 190 miles on a full charge. When you need to recharge, it can reach 80% capacity in as little as 48 minutes at a public charging station. Inside, you'll find a 12.3 inch touch screen complete with MP5, USB, Bluetooth, Wireless CarPlay, and Android Auto, alongside DAB radio. Comfort is assured with air conditioning, and for effortless journeys, it features adaptive cruise control and LED headlights. Practicality is further enhanced by a detachable front tow hook. The MAXUS eDeliver 5 stands out with its impressive 161 bhp electric engine, providing ample power for your daily needs. The inclusion of Wireless CarPlay and Android Auto, along with the large touch screen, offers seamless connectivity and entertainment, setting it apart from many other vans. The adaptive cruise control

contributes to a more relaxed and efficient driving experience, while the LED headlights ensure excellent visibility. This combination of advanced technology, robust performance, and exceptional condition makes the eDeliver 5 a compelling choice for those seeking a capable and modern electric van.
