Description

This 2026 MAXUS eDeliver 5 is presented with an exceptionally low mileage of just 2 miles, indicating it is virtually new and has had only one owner. This electric van, in the 64kWh Auto L1 H2 6dr derivative, boasts a 64 kWh battery offering a maximum range of 190 miles when new. It features Adaptive Cruise Control for effortless journeys, a 12.3 inch touch screen with MP5, USB, Bluetooth, Wireless CarPlay and Android Auto, and DAB radio, alongside front heated seats for comfort. Practicality is enhanced with rear parking sensors and air con. The eDeliver 5 is powered by an electric motor delivering 161 bhp, providing responsive performance. Its rapid charging capability means it can reach 80% charge from empty in just 48 minutes, a significant advantage for busy schedules. These specifications, including its advanced infotainment system and driver assistance features, position this MAXUS eDeliver 5 as a superior choice for those seeking efficiency, technology, and comfort in a commercial vehicle.
