Description

This 2026 MAXUS eDeliver 5 is a remarkable find, boasting an incredibly low mileage of just 2 miles, making it practically new. As a single owner vehicle, this electric van presents an exceptional opportunity. The 64kWh Auto L1 H2 6dr derivative offers a substantial battery capacity of 64 kWh, providing a maximum range of 190 miles on a full charge. Recharging is efficient, with an empty to 80% charge achievable in just 48 minutes at a public charging point. The eDeliver 5 comes equipped with a suite of desirable features designed for comfort and convenience. These include striking LED headlights, air conditioning for a pleasant cabin environment, and adaptive cruise control for effortless journeys. Parking is made simpler with rear parking sensors, and the front seats are heated for added comfort during colder weather. With an engine power output of 161 bhp, this electric van delivers responsive performance, setting it apart from other vehicles in its class.
