### Description

This 2026 MAXUS eDeliver 5 is a remarkable find, boasting an incredibly low mileage of just 2 miles, making it practically new. As a single owner vehicle, this electric van offers a 64kWh battery with a maximum range of 190 miles, and can reach 80% charge in as little as 48 minutes at a public charging point. It comes equipped with a detachable front tow hook, LED headlights for enhanced visibility, and a 360 around view system to aid with parking. For driver comfort and convenience, it also features adaptive cruise control and heated front seats. The eDeliver 5 derivative, the 64kWh Auto L1 H2 6dr, is powered by an engine delivering 161 bhp. These features collectively position this MAXUS eDeliver 5 as a superior choice compared to other vehicles in its class. The combination of its near-new condition, impressive electric range, and advanced technology ensures a capable and efficient driving experience.
