Description

Boasting an incredibly low mileage of just 2 miles, this 2026 MAXUS eDeliver 5 64kWh Auto L1 H2 6dr represents a virtually new electric van opportunity, having had only one owner. This electric vehicle is equipped with a 64 kWh battery, offering a maximum range of 190 miles on a full charge. For convenience, it can achieve an 80% charge in as little as 48 minutes at a public charging station. Notable features include a 360 Around View System with parking assistance, Adaptive Cruise Control, heated front seats for added comfort, and a 12.3 inch touch screen supporting MP5, USB, Bluetooth, wireless Apple CarPlay and Android Auto, and DAB radio. It also comes with a detachable front tow hook. The MAXUS eDeliver 5 is powered by an engine delivering a strong 161 bhp, providing ample performance for your needs. The inclusion of features like the 360 Around View System and Adaptive Cruise Control demonstrates a higher level of technology and driver assistance compared to many other vehicles in its class. Furthermore, the

seamless integration of wireless Apple CarPlay and Android Auto via the 12.3 inch touch screen enhances connectivity and ease of use, setting it apart from competitors.
