Description

This 2026 MAXUS eDeliver 5 presents an exceptional opportunity with an incredibly low mileage of just 2 miles, practically as new. This 64kWh Auto L1 H2 6dr model is a fully electric van, offering a battery with a total capacity of 64 kWh and a maximum range of 190 miles when new. It boasts a single owner and features striking LED headlights, heated front seats for comfort, and a 360 around view system for effortless parking. Practicality is further enhanced with air conditioning and a detachable front tow hook. The eDeliver 5 is powered by an engine delivering a strong 161 bhp, providing ample performance for your needs. Its rapid charging capability is a significant advantage, reaching 80% charge from empty in just 48 minutes on a public charger, meaning less downtime and more productivity. These highlights demonstrate how this MAXUS eDeliver 5 stands out, offering a blend of efficiency, advanced technology, and low usage that makes it a superior choice in its class.
