### Description

This 2026 MAXUS eDeliver 5 van is presented with an exceptionally low mileage of just 2 miles, having had only one owner from new. This electric van, in its 64kWh Auto L1 H2 6dr derivative, offers a battery with a total capacity of 64 kWh, providing a maximum range of 190 miles when new. It comes equipped with modern conveniences such as LED headlights, air conditioning, and a 360 Around View System for enhanced parking assistance. Connectivity is seamless with a 12.3 inch touch screen supporting MP5, USB, Bluetooth, Wireless CarPlay, Android Auto, and DAB radio. For added practicality, it also features a detachable front tow hook. The eDeliver 5 boasts an impressive engine power output of 161 bhp, demonstrating its capability. Its charging speed is also a significant advantage, capable of reaching 80% charge from empty in just 48 minutes on a public charger, which is quicker than many comparable electric vans. These highlights, combined with its near new condition and comprehensive

feature set, position this MAXUS eDeliver 5 as a superior choice for those seeking an efficient and well equipped electric van.
