Description

This 2026 MAXUS eDeliver 5 presents an exceptional opportunity with an incredibly low mileage of just 2 miles, indicating it is practically new and has had only one owner. This electric van, in the 64kWh Auto L1 H2 6dr derivative, boasts a 64 kWh battery offering a maximum range of 190 miles on a full charge. When you need to recharge, it can reach 80% capacity in as little as 48 minutes at a public charging point. The eDeliver 5 comes equipped with a host of modern features designed for convenience and safety. These include a 12.3 inch touch screen with MP5, USB, Bluetooth, Wireless CarPlay, and Android Auto, alongside DAB radio. For enhanced visibility and ease of parking, it features a 360 Around View System with parking assistance and rear parking sensors. The van also benefits from air conditioning and LED headlights for improved comfort and illumination. With an engine power output of 161 bhp, this MAXUS eDeliver 5 offers a compelling blend of efficiency, technology, and performance, setting it apart from

other vehicles in its class.
