Description

With an incredibly low mileage of just 2 miles, this 2026 MAXUS eDeliver 5 64kWh Auto L1 H2 6dr represents a virtually new vehicle, having had only one owner. This electric van boasts a substantial 64 kWh battery, offering a maximum range of 190 miles on a full charge. When you need to recharge, it can reach 80% capacity in as little as 48 minutes at a public charging station. The eDeliver 5 comes equipped with a range of practical and modern features designed to enhance your driving experience. These include a detachable front tow hook, a large 12.3 inch touchscreen with MP5, USB, Bluetooth, Wireless CarPlay, and Android Auto, as well as DAB radio. For comfort, you'll find heated front seats and air conditioning. The adaptive cruise control adds convenience on longer journeys. With an engine power output of 161 bhp, this MAXUS eDeliver 5 offers strong performance, making it a capable and well equipped choice.
