### Description

Boasting an incredibly low mileage of just 2 miles, this 2026 MAXUS eDeliver 5 64kWh Auto L1 6dr represents a unique opportunity to acquire a virtually new electric van. As a single owner vehicle, it comes with the assurance of careful stewardship. This electric van is equipped with a substantial 64 kWh battery, offering a maximum range of 208 miles when new, making it a practical choice for a variety of journeys. Notable features include a sophisticated 360 Around View System with parking assistance, a large 12.3 inch touchscreen supporting MP5, USB, Bluetooth, Wireless CarPlay, Android Auto, and DAB radio, ensuring seamless connectivity and entertainment. For enhanced visibility and safety, it benefits from LED headlights and rear parking sensors, while the detachable front tow hook adds further versatility. The MAXUS eDeliver 5 stands out with its impressive performance and efficiency. The electric powertrain delivers a strong 161 bhp, providing ample power for daily operations. The 208 mile maximum range highlights its capability for extended use between charges, a significant

advantage over many comparable vehicles. Furthermore, its rapid charging capability is a key benefit, with the ability to reach 80% charge from empty in just 48 minutes at a public charging station, minimising downtime and maximising productivity. This combination of low mileage, advanced technology, and efficient electric performance makes the eDeliver 5 a compelling option for businesses seeking a reliable and modern commercial vehicle.
