Description

This 2023 MAXUS eDeliver 3 presents an exceptional opportunity with its remarkably low mileage of just 5208 miles, having been owned by only one careful keeper. This electric van, in the 50.23kWh Auto FWD L1 5dr derivative, boasts a total battery capacity of 53 kWh, offering a maximum range of 151 miles when new. Charging is convenient, with a full charge achievable at home using a 7kW charger in approximately 8 hours, and a rapid charge to 80% taking just 51 minutes at a public charging station. Notable features include rear parking sensors with parking assistance, heated seats for added comfort, Bluetooth connectivity for seamless audio and calls, automatic on off headlights, and a reversing camera to aid manoeuvring. The MAXUS eDeliver 3 stands out with its efficient electric powertrain, making it an environmentally conscious choice for your business. The combination of its impressive range and swift charging capabilities ensures minimal downtime, allowing you to focus on your work. The inclusion of features such as heated seats and a reversing

camera enhances the driving experience, providing both comfort and confidence during every journey. These elements collectively demonstrate the thoughtful specification of this vehicle, positioning it as a superior option within its class for those seeking practicality and modern convenience.
