### Description

With an incredibly low mileage of just 12 miles, this 2023 MAXUS eDeliver 9 88.5kWh Auto FWD L3 H3 5dr represents an exceptional opportunity. This electric van, with a substantial 89 kWh battery, offers a maximum range of 185 miles when new. Charging is convenient, taking approximately 13 hours and 20 minutes on a standard 7kW home charger, while rapid public charging can achieve an 80% charge from empty in just 1 hour. This single owner vehicle also comes equipped with front and rear parking sensors, a reversing camera, and a blind area monitoring system for enhanced safety and ease of manoeuvring. Enjoy the convenience of keyless entry and start, alongside an integrated radio system with MP3, AUX, USB, and Bluetooth connectivity. The MAXUS eDeliver 9 boasts an impressive engine power output of 201 bhp, demonstrating its capability and performance. These highlights, combined with its near new condition and comprehensive features, position this electric van as a superior choice for those seeking efficiency and advanced technology. The inclusion of parking assistance

systems and blind spot assistance further elevates its practicality for everyday use, making it a standout option in its class.
